Vudor Porch Comfort

Are you able to enjoy your porch during the bright sunny days in mid-summer? Have you not often thought how much more pleasure you would have if you could use your porch from early Spring until late in the Fall? We dare say that you have had visions of fitting up your porch with porch rugs, willow furniture, porch tables, hammocks, etc., and perhaps would have done so long ago if it had not seemed to you that you were buying these fittings to be put out in the open almost as much as though they were to be placed on the lawn.

The latest style Vudor Porch Shades are self-hanging. In the new patented Vudor Ventilating Shade the ventilator—a section about eight inches "up and down" at the extreme top of the shade—is woven of very narrow, thick slats very far apart—Vudor Shades are the only shades made with a ventilator.

Vudor Shades do not flap in the wind. Vudor Safety wind devices prevent that.

Vudor Shades come in brown, brown and white, and green.

Prices from \$2.75 to \$10.00, according to size desired.

Mileage brokers here in Barre are preparing to close their agencies and suspend activities of this kind. The new government ruling is interpreted to mean that after June 10 the government, which is now operating the railroads, will not differentiate between a mileage fare and a ticket, which means the elimination of the mileage. The new flat rate is to be three cents per mile. Heretofore, even with the rather sharp advance in mileage rates, people who contemplated a long journey by railroad have consistently patronized the mileage brokers or purchased mileages at the ticket office. Local brokers are calling in their mileages, and people who own mileages are making haste to redeem them, as partially used mileage strips will not be accepted when the new ruling becomes operative.

The following item under a Camp Devens, Ayer, Mass., date of May 27, will be of interest locally as Corp. Duquette, a Graniteville boy, is well known locally as a wrestler. Cuthall, welterweight champion of Iowa, defeated Corp. Wilbur J. Duquette of battery C, 302d field artillery, who has a state reputation in Vermont. The bout was staged on an open-air platform, close to Y. M. C. A. hut 21, the recreational director of which, E. A. Currier, Jr., refereed. Cuthall was a trifle heavier than his opponent, but the men were well matched. The Iowa wrestler, who is now in the heavyweight class, got his first fall in 11 minutes, and his second in eight."

A number of students comprising a class in commercial geography at the Burlington high school, recently enjoyed an instructive trip through the Barre granite industry. They made the trip to the Granite city and upon their arrival here found a representative of Boutwell, Milne & Varum awaiting them. They inspected local stone sheds and were particularly impressed by the immense lathes used in turning pillars, urns, etc. Afterward the party motored to the quarries, where they were given every opportunity to view the industry in some of its more spectacular phases.

Members of the Spaulding high school baseball team left the city this forenoon on a two day invasion of the northern part of the state. This afternoon at Burlington they will line up against the Burlington high school team, while to-morrow afternoon they will go to St. Albans, where they will play the annual holiday game with the Railroad city team. Both teams fell easy victims in the two games played recently in this city, but the Spaulding team expects to encounter not a little difficulty in the games on their home grounds. The players going on the trip were: Manager Young, Captain Geals, Vanetti, Polli, Mann, Parks, Calderara, Rennie, Morrison, Morgan and Blais. It is likely that Polli will be pitted against the Burlington team this afternoon, while Calderara may hurl the game against the St. Albans high school team.
